MINING CONSULTING

**COMPANY PROFILE**

## Who we are

We are **Liraflash Pty Ltd**, a diversified mining consulting and services contracting company.

Founded in 2016 initially as a mining consulting services company but have grown to become a **leading partner in Contract Mining, Logistics and Mining Suppliers** underpinned by wealth of experience in various mining optimisation projects, construction and the energy sectors. Currently operating in Gauteng.

## What we believe in

All mining challenges are unique and requires a consistent unique approach. In so doing, our aim is to maximise stakeholders value through **increased safety, reduction of cost and improving productivity.**

# Company Strategy

## Vision

**To actively participate and contribute to the economic reform and global competitiveness in mining both in South Africa and Africa in the primary and secondary business sector.**

## Services

### **Opencast Contract Mining:**

Mine planning solutions, top soil stripping, material handling, drilling and blasting, loading and hauling, rehabilitation works, load out management.

### **Logistics:**

Bulk product hauling to various destinations

### **Mining supplies:**

Supply of mining goods
